

STATE OF MICHIGAN
DEPARTMENT OF EDUCATION
LANSING

GRETCHEN WHITMER
GOVERNOR

MICHAEL F. RICE, Ph.D.
STATE SUPERINTENDENT

MEMORANDUM

DATE: October 11, 2022

TO: Local and Intermediate School District Superintendents
Public School Academy Directors
CEPD Directors and Local CTE Administrators

FROM: Brian L. Pyles, Ph.D., Director *BP*
Office of Career and Technical Education

SUBJECT: 2022-2023 Follow-Up Survey of 2021-2022 Career and Technical Education Programs

It is time to initiate the annual follow-up CTE survey process for the fall of 2022. Agencies that receive state reimbursement for career and technical education (CTE) programs or Carl D. Perkins funds are required to conduct the annual Career and Technical Education Follow-Up Survey. Information gathered through the Follow-Up Survey provides required data used for state and federal reporting. Through the efforts of all districts conducting the survey, the data gathered continues to be a reliable source of information about students who concentrate in CTE programs. The collective effort last school year resulted in a robust, statewide response rate of 84.5 percent. Excellent effort on the part of districts to submit data according to the required timeline made it possible to distribute the state reports in a timely manner. This year the follow-up survey data is due to the Career Education Planning District (CEPD) on **January 15, 2023**, and to Michigan Department of Education Office of Career and Technical Education (MDE-OCTE) on **January 22, 2023**. The results of the survey will benefit students by ensuring valid and reliable performance indicator data on post-program placement for CTE. It will also benefit students by supporting MDE-OCTE commitment to ongoing improvement of processes and procedures.

STATE BOARD OF EDUCATION

CASANDRA E. ULBRICH – PRESIDENT • PAMELA PUGH – VICE PRESIDENT
TIFFANY D. TILLEY – SECRETARY • TOM MCMILLIN – TREASURER
JUDITH PRITCHETT – NASBE DELEGATE
ELLEN COGEN LIPTON • NIKKI SNYDER

608 WEST ALLEGAN STREET • P.O. BOX 30008 • LANSING, MICHIGAN 48909
www.michigan.gov/mde • 833-633-5788

Attached is a memo from the survey support center, which will assist districts in conducting the survey. Also attached to this memo are the survey forms (student, proxy, and mail) and two manuals. The Follow-Up Survey of 2022 CTE Concentrators Protocol Manual is provided to assist district personnel in proper procedures for collecting the survey data. The Career and Technical Education Information System (CTEIS) Follow-Up Data Submission Instructional Guide provides data entry and submission instructions using the CTEIS web-based system. All survey materials are available on the [CTEIS Knowledgebase](#) under Data Entry, [Follow-Up](#).

Under the Carl D. Perkins Act ([Perkins V](#)), states must report on an indicator of secondary CTE post-program placement rate. [The Michigan Perkins V state plan](#) for career and technical education supports [Michigan's Top 10 Strategic Education Plan](#) to:

- Expand secondary learning opportunities for all students
- Increase the percentage of all students who graduate from high school
- Increase the percentage of adults with a postsecondary credential
- Increase the numbers of certified teachers in areas of shortage
- Provide adequate and equitable school funding

Please direct policy questions to Dr. Yincheng Ye, education research consultant, in the Office of Career and Technical Education at YeY@Michigan.gov or by telephone at 517-281-7229.

Please direct questions regarding materials or processes for conducting the survey, to the CTE follow-up support center at 517-333-9363, ext. 128 from the Lansing area or 800-203-0614, ext. 128 from all other areas, or email cteis.help@PTDtechnology.com.

Thank you for prioritizing this important work.
