

CTEIS User Group Conference Call
Wednesday, May 6, 2020
9:00 – 10:00 am
Notes from Conference Call (Microsoft Teams)

1. Roll Call of CEPDs. (See attached)

2. PTD Technology Update

- **Credentials** - The credentials portion of CTEIS is open for use. Districts have the ability to pull up programs by PSN. Within PSN, districts can assign credentials to groups of students. (Note: some credentials apply to more than one CIP Code – some programs have NO credentials.) The ability to import credentials is also available.

Important Note: Every CTE program will require a response to credentials – either at least one student(s) is marked as having a credential in a program; **OR**... the program is checked to indicate that **NO credentials** are available for this program. (If no credentials are reported for a program, and you fail to check the box, indicating No Credentials – you will receive a validation error, and the program will not validate.)

If **NO credentials** are available to report for a program(s) by the **June 18th** Enrollment Report deadline, you must check the box indicating No Credentials in order to validate that program, and submit the Enrollment Report. (If you receive credentials after the June 18th Enrollment Report deadline, you will still be able to update the credentials through August 31, 2020.)

- **Validation** – is now available. The validation checks UICs and courses to determine if they are valid, and align with established parameters.
- **May 15, 2020** – deadline to enroll students in CTEIS course-sections. Students must be enrolled in at least one course-section, with a good UIC, by this date. This early deadline is required in order to check CTEIS student data against the MSDS (Michigan Student Data System) and other State systems.
- **Follow-Up** – has been completed, and the data is currently being processed

3. Questions and Discussion

- Cheryl Ulsh indicated that programs were listed multiple times in the credential window, and it was not paging correctly. (PTD will look into these issues.) She also indicated that the credential import was not working. Doug explained that the Credential import file (Excel spreadsheet) requires a column for "Credential Name". The Credential Name column can be blank, but the column itself needs to be included in the import, in order for CTEIS to accept it.
- Michelle Bailey indicated that some of the CTEIS building reporters had access to the entire district (rather than just their building) – access should be limited to their building. (PTD will look into this issue.)

- Steven Billes asked if recommendations for changes to the functionality of credential management could still be submitted. Yes, recommendations for improvements are always welcome.
- Steven asked about the help desk tickets -- they only indicate resolution (with no information concerning the original problem, or what was done to resolve it). Doug indicated that PTD is in the process of switching to a better help ticket system.
- There was a question concerning an EMC student that was incorrectly reported in the Regular program (rather than the EMC program) in March – so this student was not included in the count of EMC students eligible for Section 61b funds. Is it possible to correct this error, and generate Section 61b funds for this student? This student can be reported correctly in CTEIS as an EMC student before the June 18th deadline. However, all Section 61b funds were distributed (April 2020), so no additional funds will be generated for this student.
- Steven Billes expressed appreciation for the new warning edit that flags cases where a student is reported as BOTH an EMC and Regular student for the same CIP Code.
- Several people asked about the ability to generate a variety of Excel reports from CTEIS. Please submit these requests to PTD for consideration (with a copy to Joan and Valerie). Please indicate the type of report you desire, the fields of data to be included, and the way in which you would like the data displayed.
- Credentials - The deadline for entering students' credentials in CTEIS is **August 31, 2020**. Any eligible credential earned by a student after enrollment in the CTE program, through August 31st of the year the student graduated from high school, may be reported for the student. Please report credentials for all students (regardless of grade level) by August 31st. For example, if a student completed a CTE program as a sophomore (2017-18), and later earned a credential (before their 2020 graduation) – that credential should be reported in CTEIS. **(Note: In CTEIS, districts have the ability to report credentials for students who are in school, but not enrolled in a CTE program.)**

Perkins Core Performance Indicator (CPI) 5S1 is reported for the year the student graduates from high school, and includes students who earned a credential after enrollment in a CTE program – but prior to their graduation. Students who earn a credential and graduate as concentrators in 2019-20, will be included in the 5S1 data for the 2020-21 reporting year. Definition of 5S1: the percentage of CTE Concentrators graduating from high school, having attained a recognized postsecondary credential. (The denominator for 5S1 is ALL concentrators who graduated from high school.)

- EMC Question – will a degree earned by a CTE student in an EMC, be counted in the CPI data? Yes, if the degree is earned before August 31st of the year the student graduates. (OCTE will obtain Postsecondary data from the STARR data system.)

- Steven had a question about Home Schooled students in MSDS. Steven will send the details to Val, and she will check with CEPI to see if their rules have changed.
- Samantha Sallee asked why credential received by juniors from last year should be entered into CTEIS. It is to the advantage of the district to report these credentials, because these students will automatically be included in the denominator – if reported, they will be included in the numerator as well. (This will result in a higher percentage of concentrators graduating with a recognized credential—and thus, improve the 5S1 CPI.)
- Cheryl asked about teachers reporting a P (Pass) for a student who received a grade of D. If the grade of D was reported in the TSDL, and they reported a P in CTEIS – the records would not match. (Please see the attached email response to this question.)
- The COVID-19 FAQs (which includes a section on Reporting Requirements), can be found on the bottom of the cover page of the OCTE Website:

As Always... We encourage the CTEIS User Group, as representatives for their CEPD, to share information gleaned from these conference calls with other CTEIS Users in your respective CEPDs. Forwarding the Notes and information received from the conference calls is a good way to keep everyone informed, and may help to reduce problems, concerns, and errors.

Please see the PTD Technology website below for Minutes of past conference calls and additional information.
