

CTEIS User Group Conference Call
Wednesday, January 16, 2013
9:00 – 10:00 am

Notes from Conference Call

1. Roll Call of CEPDs. (See attached)
2. OCTE Update
 - **MSDS File Update.** PTD Technology recently updated CTEIS with the most current Fall MSDS records. We encourage CTEIS users to check the ***Bad UIC List by Building*** and the ***UIC's with No Current MSDS Record Report*** in order to ensure that your students have an accurate UIC, and a current MSDS record. These two reports can be found on the CTEIS website by selecting ***Reports*** → ***Building Reports*** → located under the heading: ***Student Reports***. (***Important Note: Students that do not have a current MSDS record are not eligible for Section 61a1, Added Cost funds.***)
 - **Program Completer Definition.** For clarification purposes, to be considered a ***program completer***, the student must complete (with a grade of 2.0 or better) course-sections which cover all 12 segments of a program, and (if applicable), take the technical skills assessment test associated with that program.
 - **Segment Q Confusion.** Glenna indicated that there has been some confusion concerning Segment Q, and whether or not a student is eligible to be enrolled in Segment Q. In order for a student to be eligible to enroll in Segment Q, they must first meet the definition of a ***Program Completer*** (noted above) ***before*** they enroll in Segment Q. The student should ***not*** be concurrently enrolled in Segment Q and any of the 12 segments required for completion of the program. It is only ***after*** the student has completed (and passed) all 12 segments of a program, and taken the technical skills assessment test associated with that program (if applicable), that they are eligible to enroll in Segment Q.
3. PTD Update
 - **Follow-Up.** Now that the MSDS update has occurred, PTD will focus their attention on preparing the Follow-Up Lists – which should be available by early February.
 - **Common Reasons Why Students May Not Appear on Follow-up List.** If students don't appear on the Follow-Up list (that you expected to see), there are a number of circumstances that may have caused this to occur. Following, are two of the most common problems:
 - ◆ **Student's Exit Status is inaccurate in CTEIS or MSDS** – compare the ***Exit Status*** in CTEIS with MSDS to make sure they match.
 - ◆ **Student does not meet all the criteria necessary to be considered a *program completer*** – check the student's program history in CTEIS to verify that they have completed all 12 segments of the program (with a passing grade of 2.0) and taken the technical skill assessment, if available for the program.

If you have questions concerning students that do not appear on the Follow-Up List, please contact the CTEIS help desk for assistance at 1-800-203-0614 (ext. 127), or you can email the help desk at CTEIS.help@ptdtechnology.com.

- **Follow-Up Training.** Follow-Up Training will begin January 31st. All Follow-Up documents will be available for access by the end of next week. There are no significant changes to the Follow-up process this year.

4. Issues from CTEIS Users

- Steven Billes indicated that the NOCTI buttons are currently unavailable for checking their student data. David indicated that it may be too soon after the recent upload of enrollment data in NOCTI's system for the data to be available. Although most students were uploaded in November, last week another 3,000 students were uploaded. The following additional information was received from the NOCTI Office...

The individual schools do not upload the data – the data was supplied to “NOCTI” by PTD Technology and we uploaded what was sent. Once the schools have placed their order and the order has been processed, user codes and passwords will be posted to the school's Client Services Center. At that time schools are able to assign the user codes with the data that was uploaded. If their school data was included in the December upload they will see an “Assign” button next to the user codes. If the school didn't have their student information in CTEIS when the data was provided to NOCTI for the December upload, they will have two more opportunities to have their data uploaded - to try and catch as many schools as possible.

- There was discussion concerning the timing of when districts should update/upload their records for the NOCTI pull. Doug indicated that it depends on when the district's students are ready to be assessed. If the students are expected to complete the program in the fall, then the district should make certain that their students are updated in CTEIS in time for the fall NOCTI pull. If the students are expected to complete the program in the spring, then the district should make certain that their students are updated in CTEIS in time for the spring NOCTI pull, or before.

CTEIS records are submitted to NOCTI three times per year – November, January, and March. PTD Technology routinely notifies CTEIS Users regarding the dates on which the NOCTI pulls will occur.

- In order to assist districts in determining a student's eligibility to take the technical skills assessment, PTD has developed the *Students Potentially Eligible for Assessments report*. This report can be generated at the course-section or program level, and displays each student and all segments (even from past years) the student has completed or is currently enrolled in. (Note: Since this report was developed for the purpose of determining which students are *currently* eligible to take the assessment, it is a *current-year* report.) Steven Billes indicated that he would like the ability to run this report at the district level, in order to see all their students on one report. However, Doug indicated that for many districts, this would create a lengthy report that would be too cumbersome to manage on the web.
- Jennifer Perry expressed concern regarding the April 18th deadline for submitting the 4483D reports. (She submits 4483D reports for nine districts operating on a tri-mester schedule.) Joan indicated that the timeline allows an extra week for CEPD Administrators to submit their approval

– due April 25th. Joan asked that Jennifer notify her, if she has problems making the April 25th deadline.

- Julie Eddy would like the ability to enter student course-section grades and dropout dates on the same screen. Doug will explore this possibility to see what can be done.
- **As Always...** We encourage the CTEIS User Group, as representatives for their CEPD, to share information gleaned from these conference calls with other CTEIS Users in your respective CEPDs. Forwarding the Notes and information received from the conference calls is a good way to keep everyone informed, and may help to reduce problems, concerns, and errors.

Please see the PTD Technology website below for Minutes of past conference calls and additional information. <http://www.ptdtechnology.com/CTEIS/Home/tabid/61/Default.aspx>
